IMPORTANT SERVICE NOTE

Regulated or sector-specific activities are undertaken only when relevant permits, approvals, competent resources and project conditions are in place.

OUR APPROACH

Simple coordination, accountable execution and clear communication

Prime Partners begins with the client's required outcome, then aligns scope, sourcing, responsibilities and delivery. The approach is designed to make complex or multi-category requirements easier to manage.

Why Choose Prime Partners?

- One point of coordination for diverse requirements
- Broad licensed scope across multiple sectors
- Local understanding of the Lesotho market
- Flexible support for once-off and ongoing needs
- Clear, professional client communication
- Compliance-aware project planning
- Quality checks linked to agreed specifications
- Partnership-based service and follow-up

ONE REQUIREMENT OR MANY - START WITH SOURCING CENTRAL

Practical coordination from brief to delivery

QUALITY, SAFETY & RESPONSIBILITY

Working with care, accountability and respect for requirements

QUALITY ASSURANCE

Prime Partners aims to deliver fit-for-purpose outcomes aligned with the client's approved specification.

- Confirm scope and expectations before execution
- Use suitable products, methods and resources
- Monitor progress against agreed milestones
- Check deliverables before handover
- Record feedback and improve future delivery

HEALTH, SAFETY & ENVIRONMENT

Safety and environmental responsibility are considered in planning and service delivery.

- Promote safe work practices
- Protect people, property and client sites
- Use responsible waste-handling methods
- Respect applicable laws and site rules
- Reduce avoidable waste and operational risk

ETHICS & RESPONSIBLE BUSINESS

Trust is strengthened through honest communication, responsible coordination and fair dealing.

- Communicate scope, timing and limitations clearly
- Treat client information with care
- Avoid unsupported commitments
- Work with appropriately qualified providers
- Take responsibility for agreed deliverables

OUR COMMITMENT

To provide clear, coordinated and dependable support while respecting every client's requirements, budget, timeline and operating environment.
